# bulletin

No.001

Our company was founded in 1943 and started export business in 1965. Since then, we have established a Sales & Distribution Company in North America and expanded our production plants to Korea, China and Thailand in order to supply GMB products to all parts of the world.

Since last year, when we achieved a listing on the second section of the Osaka Stock Exchange, we have also aimed to expand our sales to the domestic market territory more actively.

Our own integrated production system enables us to minimize production cost, shorten lead time and achieve a viable small lot production ability, so that we can supply not only “*high-quality*”(1) and “*reasonable price*”(2) products but also we can strive to maximize our “*services*”(3) with this “Three-in One Satisfaction”.

As one of our “*services*” for customers, we are launching the **GMB BULLETIN** out into the world. We sincerely hope the “HARMONY” between you and GMB will be strengthened and deepened by this new communication.

Toshi Matsuoka, Executive Managing Director

Dear Customers,

A warm welcome to you all in this first issue of the new, monthly, “GMB BULLETIN” which is designed to keep you informed about the vibrant world of the GMB Group of companies. Our intention is to include a wide range of topics, from the introduction of new products and processes together with technical issues to internal news such as our listing on the Stock Market in Osaka since last December, as well as interesting incidents in the markets worldwide.

Taking this opportunity, I will give my own assurance that all of us in Japan office and our Associates in local offices will make even greater efforts to support your business with our facilities both here in Japan and our other developing facilities around the world.

We are striving to maximize our capacity for technical development and marketing ability in order to remain competitive in both quality and pricing. As the saying goes, “seeing is believing” so I invite you to join us now and see our new efforts in this publication, by this monthly GMB BULLETIN.

Happy Reading!

Akira Mizutani, Executive Director, Overseas Division
