

## GMB NEW YEAR'S PARTY

On the 5th of January, the first working day of this year GMB New Year's Party was held at Miyako Hotel Osaka. 580 employees participated in the party from both headquarters in Nara and Branch factories in Yao city, Osaka.

The President Nick Matsuoka made a speech at the beginning of the party and during his speech, our slogan of this year was announced as the following:

### GMB'S SLOGAN OF THE YEAR 2006: BE PROACTIVE !!

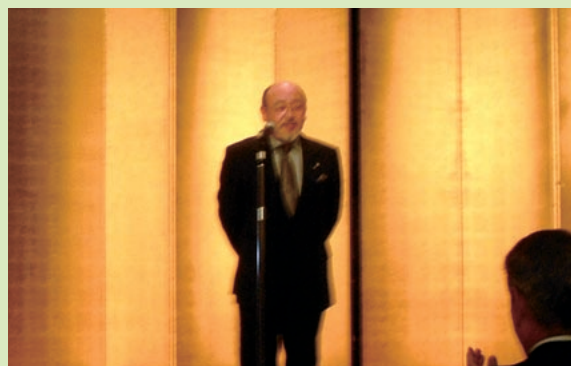

What do we mean by "Be Proactive" – we mean controlling a situation by making things happen rather than waiting for things to happen and then reacting to them. Thus, we must concentrate our great potential force to become a cohesive and aggressive group and learn to "give an inch to take a mile" towards expanding our market share. The GMB Group will work harder together in order to bring our ability into full focus. To that purpose, we go ahead with actions which shall speak louder than words.

How will our proactive approach work?

- We will be proactive within the company to achieve a unified focus.
- We will be proactive to our customers by offering attractive proposals in order to enhance our mutual benefit. To that purpose we need to build up our good relationship more than ever.
- Consequently we shall be proactive against the competitors to capture the leadership in the market.

*Lastly, all of us at GMB sincerely wish the year 2006 will be the greatest year for everyone of you.*
